

# season's greetings,

December 10, 2025

"Professional, encouraging, and very hopeful," is how two local veterans described Habitat for Humanity of Greater Pittsburgh. Joseph and his wife had been experiencing financial challenges and found themselves unable to pay for emergency plumbing repairs. Supporters like you made it possible for Habitat Pittsburgh to assist their family. Joseph said, "I could not be more happy with the quality work they did. Very kind and compassionate."

Every safe, affordable home sparks wider change, leading to better health, education and well-being, as well as greater economic growth. Our home ownership and repair programs impacted 25 families over the past year. This included a rehabilitation that was transformative for both the home and its first-time homebuyer. →

Your donation will help Habitat Pittsburgh build, rehabilitate, and repair more homes in the coming year for hardworking families earning a low-income. You can also support our work by shopping at ReStore, which sells new and used furniture, appliances, and much more to the public. On the reverse side you'll find more information about making a contribution and getting involved. Together, we can build strength, stability, self-reliance, and shelter for families in Allegheny County. We wish you a merry Christmas and a happy New Year!

Warm regards,

Dr. Howard B. Slaughter, Jr.  
President & CEO, Habitat for Humanity of Greater Pittsburgh
